## **Benefits of subscription**

- Subscribers are entitled to receive the two parts of the journal volume covered by their subscription. Please note that a volume does not issue in a strict calendar year. Each volume, in two parts, is produced as quickly as the number of submissions required to complete it are ready for typesetting.
- Subscribers will also receive a copy of any occasional publications issued during the period covered by that volume.
- If you provide your email address we will be able to notify you of the contents of upcoming issues, let you know when the next publication is in the post, and give you a timely reminder to renew your subscription.
- *INJ* individual personal subscribers are entitled to free online access to the full back catalogue of *INJ* publications. This is arranged through an agreement with JSTOR who include a number of other Irish periodicals in this package. This is not available to institutions, who should register directly with JSTOR.

## **Group Subscriptions**

Some institutions have taken out a group subscription at discount to cover several people in their organisation. If you want to explore this option please email us at [irishnaturalistsjournal@gmail.com](mailto:irishnaturalistsjournal@gmail.com)

## **Payment Options**

Most personal subscribers pay by cheque, postal order or bank draft. If your organisation requires a purchase order, invoice or direct banking details, please email us at [irishnaturalistsjournal@gmail.com](mailto:irishnaturalistsjournal@gmail.com)
